TO THE CLASS OF 1958:

The first launching of an Earth satellite by Russia is a major scientific accomplishment, and the date of October 4, 1957, will become a historic one like that of the first flight across the ocean. Scientists have been saying for many years that space travel would have to come about slowly and by means of comparatively minor steps, each of which could be predicted. The launching of the first Earth satellite is one of those beginning steps toward space travel in the future.

Man's continuous and persistent efforts toward conquering space and time is increasing with his unquenching thirst of knowledge.

May you approach this world of the Unlimited, fortified in measure by faith and the good citizenship learned in your high school years.

Faithfully yours,

HARRY M. RICE

MR. INTERNATIONAL GEOPHYSICAL  
YEAR . . . IGY

IGY, the delightful little fellow that jumps from page to page of MEMORIES may not appear real, but his personality is as pronounced and definite as the accomplishments for which he stands. As the nation progresses, so will each one of you, and IGY will be right at your side. The International Geophysical Year will come to a close, but the knowledge and discoveries that have come from it, along with the presence of IGY, will be with each and every 1958 graduate as new doors to the future swing open.

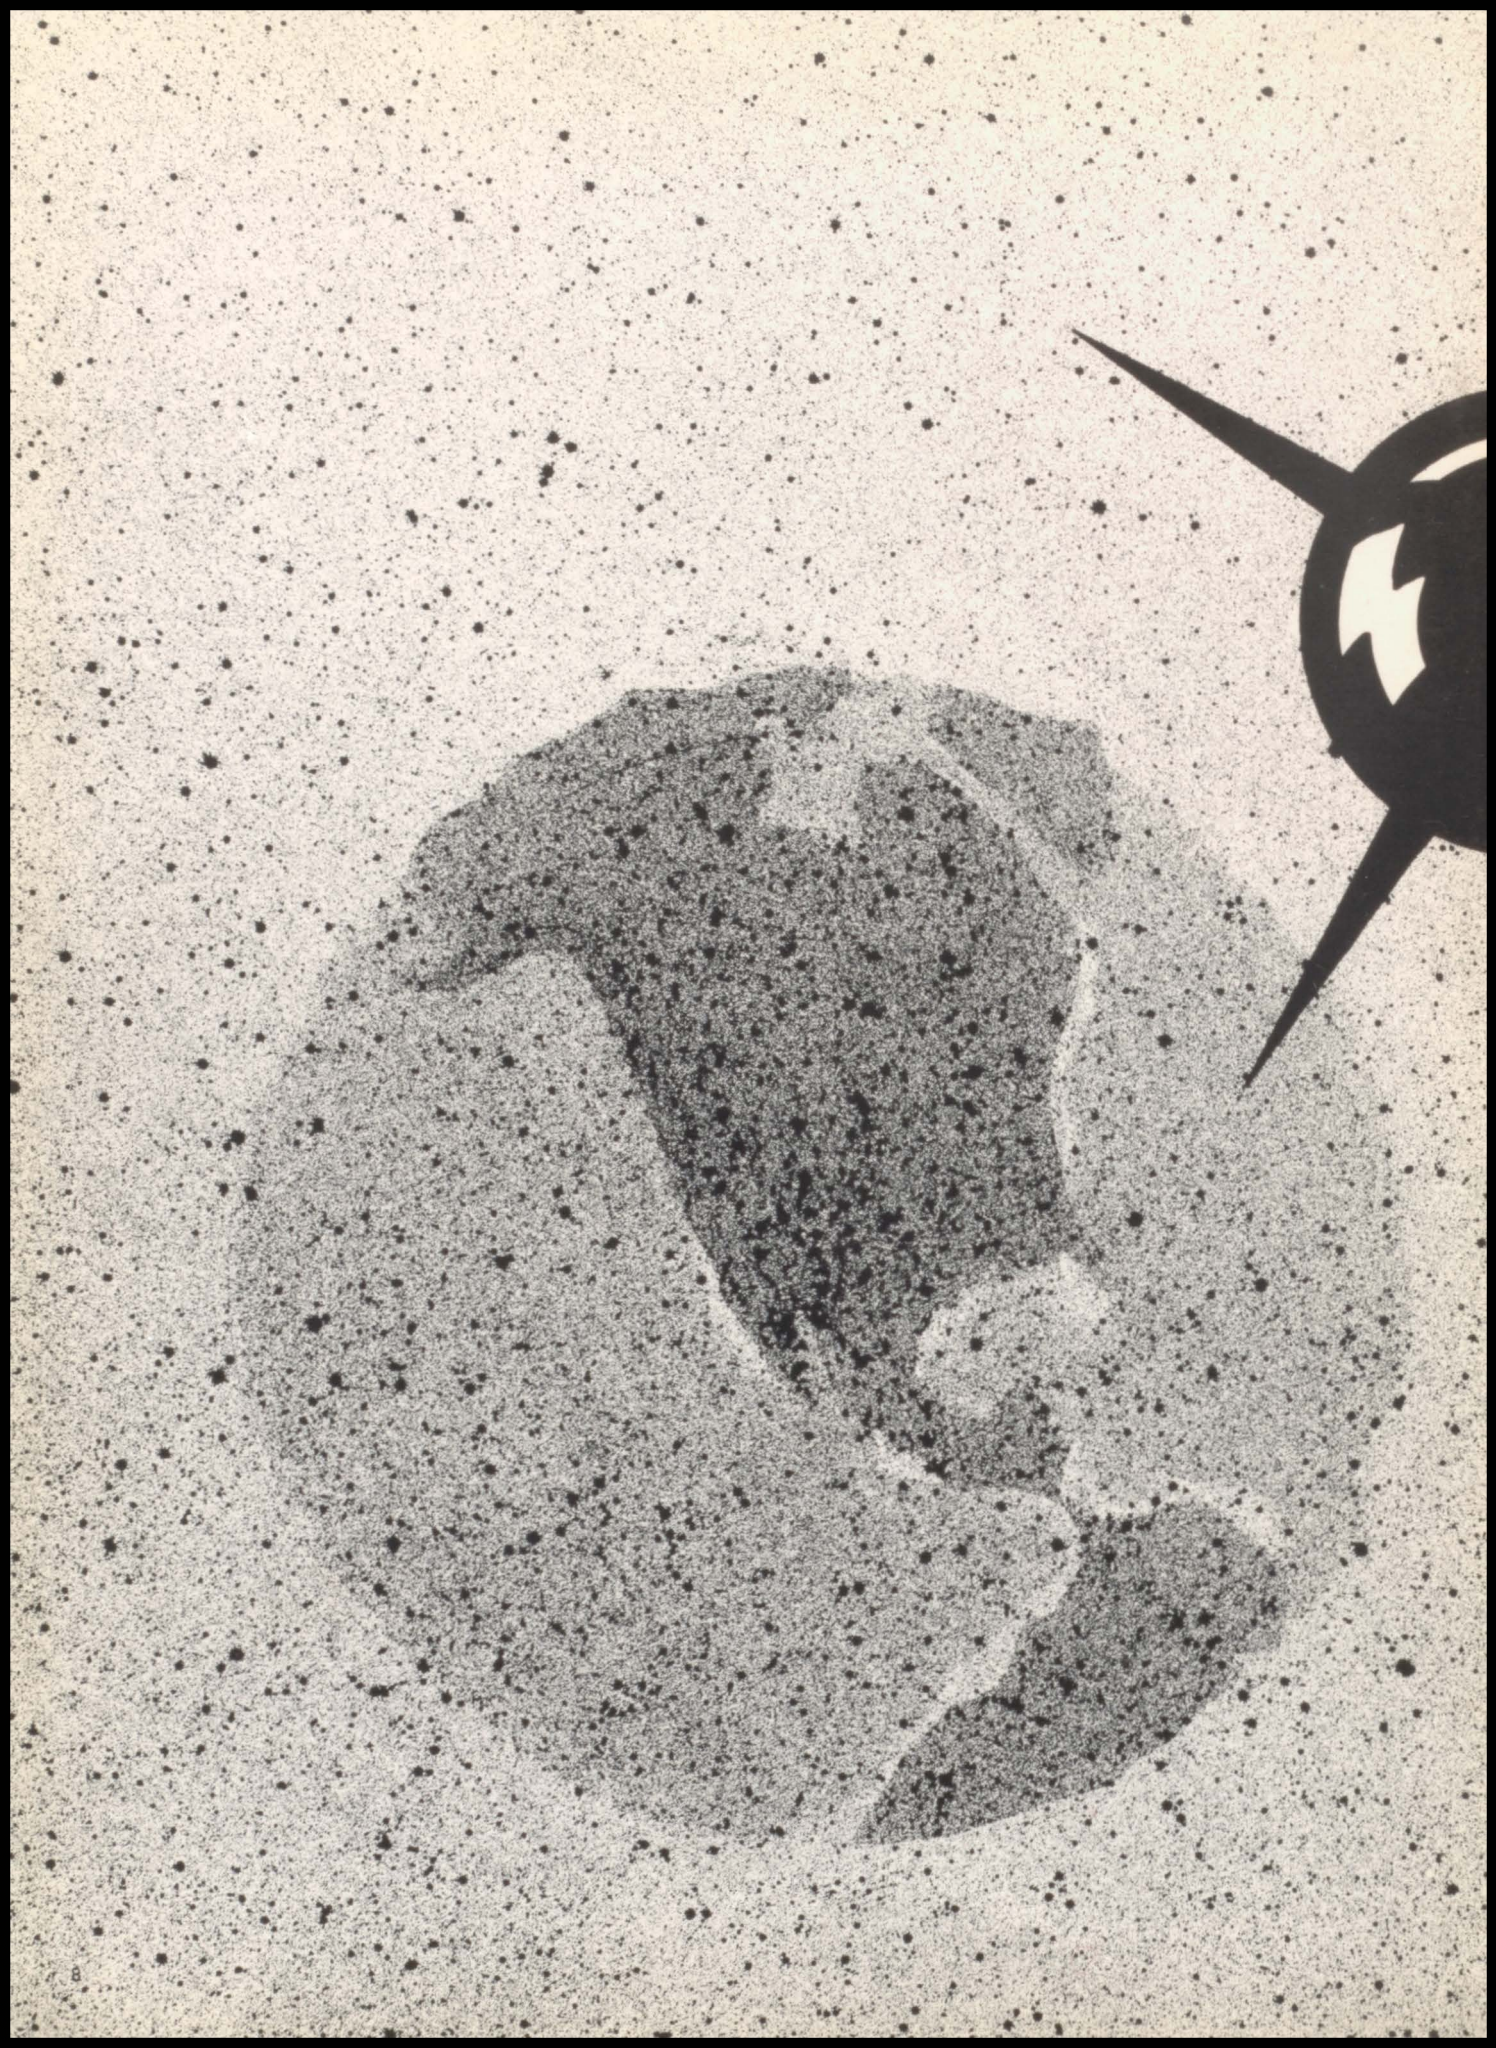

# foreword

The International Geophysical Year. What excitement it brings to our minds! Man at last is exploring the unknown with great hopes of penetrating the vast space which surrounds us. Space travel is no longer an impossible dream of the future; it is now feasible in our imaginations. Scientists are delving into the mysteries of the sea and the earth. We have chosen IGY as our theme because it symbolizes hope for a good future. We are the moulders of that future.

We have divided MEMORIES into four sections. The GUIDES are our teachers. We are the ADVENTURERS, our EXPLORATIONS, the activities which we joined in our three years at B.H.S. The STARS are not only those who have earned varsity letters, but everyone who earnestly participated in sports. IGY, our "fellow traveler", cavorts through the pages with us. He symbolizes the fun we had in high school.

The cover abstraction symbolizes the International Geophysical Year. The aqua wave represents the sea, one of IGY's spheres of investigation, the atom is symbolic of earth, and the rocket, the projection of man's knowledge into space. The work of the present—the hope of the future—encompassed in IGY.

## **guides**

Just as the earth satellite reveals the upper atmosphere eventually to guide man safely into space, so do our teachers impart knowledge to guide us in our explorations of the future.

There's a high school in New Jer - sey, Dear old Bloom-field, bless her name;—  
Soon the time will come when leav - ing Brings sor - row to each heart;—

And we've loved her, yes, we've loved her, Since the day when first we came.—  
And we'll say good-bye to Bloom-field— Let us prom - ise, ere we part,—

So, all hail! to Al - ma Ma - ter, And pledge e - ter - nal - ly, —  
Though the years be long, when - ev - er we may meet, we'll join in praise, —

To live and die for Bloom-field High in love and loy - al - ty.  
And thank our Al - ma Ma - ter for our good old high school days.

#### EDITH M. ALBINSON

Making her second graduation from B.H.S. is our beloved teacher of choral music, Miss Edith Albinson. Students will long remember her cheerfulness and enduring patience. Miss Albinson earned her Bachelor of Science from Rutgers University and her Bachelor of Music from Columbia University. She took specialized courses at Boston University, New York University, and the Juilliard School of Music, and was then qualified to teach any grade level. In 1956 she was honored with the Merit Award from the D.A.R. for her outstanding contributions to our town.

Her fondest memories will be of the students and the student-faculty friendships. Her chief hobby is music with the theatre her second preference. Reading, boating, traveling, and photography are the outside interests that have kept Miss Albinson's career a never ending one.

In the future she hopes to go abroad and to spend more time with her church choir. Our sincere wishes go to you, Miss Albinson, to enjoy life and good fortune for many more years.

#### MRS. INA F. DOYLE

Mrs. Ina Doyle will long be remembered by her many B.H.S. students and fellow faculty members. During her years as English teacher at B.H.S., Mrs. Doyle was adviser of the Dramatic Club for ten years, and she was a member of the Student Loan Fund Committee. From the time she came to B.H.S. as Miss Decker until the present, Mrs. Doyle has always enjoyed taking an active part in skits at faculty parties.

Although she is retiring from school life, Mrs. Doyle is still continuing her many social activities. During her spare hours Mrs. Doyle will be able to enjoy boating and fishing at Sea-Bright with her husband. When indoors they will be working on their hobbies of ceramics and photography. Another object of her attentions will be her boxer dog, Sport.

Mrs. Doyle's service to B.H.S.—and her wonderful humor—enrich our storehouse of memories.

Facing the future with excitement, hope and high ideals, we are the adventurers of today and the discoverers of tomorrow.

#### CHARLOTTE F. DEGEN

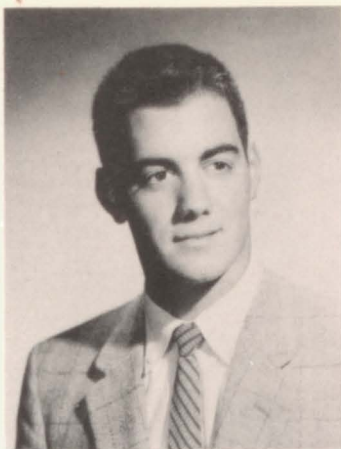

Whenever the girls in the Class of 1958 think of Miss Degen, we will recall a dear friend. Miss Degen as our adviser has cheered us up when the going was hard. She willingly aided each of us in our choice of subjects for school, and later on in our decisions about work and college. Always possessing a ready smile, Miss Degen has, in the last three years, come to know each of us personally. How could we forget so concerned a friend? We thank you, Miss Degen, for your guidance, and wish you happiness in the years to come.

#### THOMAS H. SCHENCK

Mr. Schenck took the job of counselling the boys of our class after we were through our sophomore year. It is always difficult to pick up a job in the middle, but with his quiet perserverence Mr. Schenck stepped into his role to do a wonderful job. Taking everything calmly in his stride, his sound advice has meant much to his boys. Helping someone to mold his future is a difficult and responsible position to be in; Mr. Schenck succeeded in this position. For his aid, advice and sincere interest the boys of the Class of 1958 will always be grateful.

# in memoriam

## ALLAN C. WEBER

Death has ended the quiet but eventful life of Allan Weber. Known to his closest friends as "The Moose," Allan will long remain in the minds and hearts of his fellow classmates.

His quiet enthusiasm for sports and his easy-going manner earned for Allan the position of co-captain of both football and track teams. To many his name will bring to mind the office of class president to which he was elected in his sophomore and junior years of high school.

Memories of Allan will bring recollections of his half-shy smile as he murmured, "Hello," and of his ambling but determined step as he walked through the halls of B.H.S. Although his slick crew-cut and muscular frame are not to be seen again, his image will remain etched on the hearts of those who will never forget him . . . The Class of 1958.

# explorations

Through explorations, we have found various outlets for our talents and imaginations, gaining wisdom as well as friendships.

# memories

MEMORIES had its start under the beeches on the B.H.S. lawn while the days were warm and the electricity was being installed. When we were at last admitted to home base, the groundfloor bookroom, everyone pitched in. Working first on the faculty section, we then tackled the hardest and longest part of the yearbook—seniors! Meeting deadlines caused short tempers and long hours of work. Clubs and sports followed in rapid succession; unbelievably, we finished on our final deadline—March 15.

# back the clock

No matter what day and era, teenagers are all alike. Evie Palmer proves this to be true as she proceeds to *Turn Back the Clock* to the days of her youth. At that time, she is eighteen, faced with thinking she's in love with two fellows, Charlie Hill and Johnnie Stone, who are complete opposites. Making up her mind is quite a difficult matter. Evie's parents try to understand, but as usual they end up baffled by her whims. Meanwhile, her brother Larry and younger sister Sally have their own problems and are also very humorous as they go about solving them.

NONE FINER . . . Coach Cella and Coach Moore.

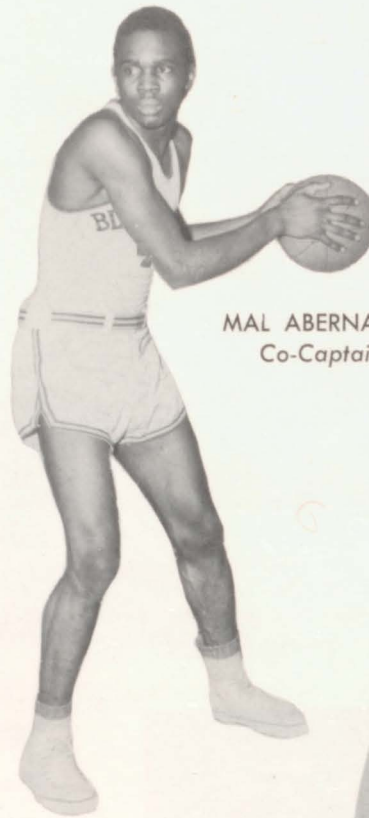

Coaching genius and team work captured for Bloomfield all the '57-'58 honors available in Group IV basketball. With only one returning starter and two other lettermen, Coaches Cella and Moore saw conquest through the second year without a single defeat. Bengal cagers added 24 consecutive victories to the 26 of the '56-'57 undefeated combine.

Laurels gathered by the Bengals from December 10, 1957, to March 22, 1958 were the Big Ten, Essex County, North Jersey—Section II, and, finally, the State of New Jersey Trophy. The only team to defeat West Orange this year, Bloomfield did it three times, downing the Cowboys for the Big Ten and Essex trophies. The Bengals eliminated Weequahic for the sectional title, and Linden for the state spoils.

Seniors of the squad have been Mal Abernathy, Steve Brennan, Bob Woollard and Don Kirk. Juniors Barry Elson, Fred Cerrato, Andy Karpinski, Don Heeb and Tommy Ruvo give a confident cast for 1958-59.

MR. MARSHALL BUTLER

Bloomfield's 1957 outdoor track team compiled a 5-2 record in dual meet competition. Coach Peter Wilson was assisted by Marshall Butler. The season was highlighted by second place in the Big Ten Relay and third place in the Essex County meet.

Two new records were set in the mile and 880. Bill Schwab lowered the mile record to 4:33.5 at the Essex County meet; at the County meet Ned Quinn set the official standard at 1:59.3 for the 880.

Quinn, Schwab, polevaulter Fred Polkinghorn, hurdlers Howie Rodham, Dave Myers and Richie Rohrbach, Tom Gunzelman in the 880, miler Joe DeTommaso, sprinter Gerry Goldstein and John Terninko in the hurdles, javelin and broad jump, formed the nucleus of the '57 squad. Although only three lettermen, Captain DeTommaso, Gunzelman and Goldstein are returning, prospects are good for the 1958 outdoor season.

The B.H.S. indoor track lost its only meet to Cranford. Although the team participated in several meets in New York and placed fourth in the mile medley in the state championship, the season proved uneventful.

MR. PETER WILSON

Since Coach Marshall Butler was still in the U.S. Army, Mr. Peter Wilson remained at the helm of the cross-country squad for the 1957 season. The harriers posted a 6-2 record losing only to Columbia and Kearny. Among their defeated opponents were: Seton Hall, Clifton, Nutley, South Side, West Side and Belleville. In November the season was highlighted by a trip to West Point for a meet against the plebes.

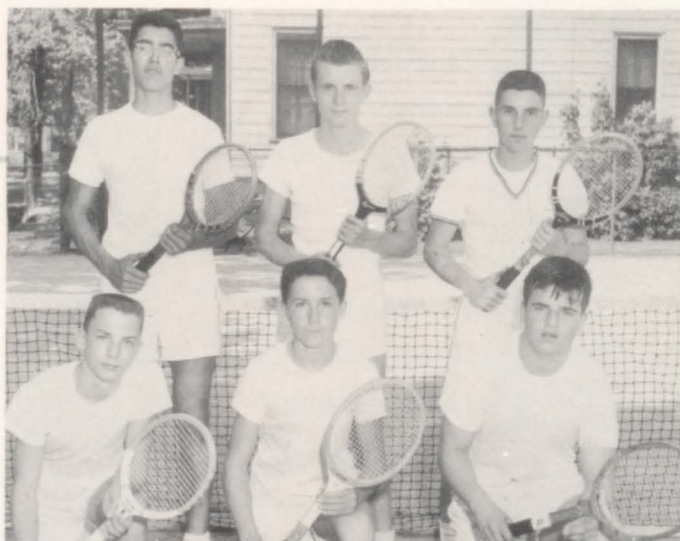

Captain Joe DeTommaso and Tom Gunzelman shared honors of being the most valuable runners. Voted the most improved runner on the squad was soph Jim Myers. Joe DeTommaso, Jack Hildreth, Bob Hager, Tom Gunzelman, Barry Elson, Ernie Schenk, and Jim Myers were awarded varsity letters.

Coached by Cabot Kendall, the '58 Tennis Team was in a position to improve their previous record of 0-10. Veterans of the team, seniors Tom Fornarotto, Dan Johnson, Ralph St. Pierre and Don Yentzer and junior Neil Thumel, have provided the core for a more successful season.

George Slingerland, Nick Zambri, Fred Bridge and Bill Saltzman provided a formidable opposition as they carry on a golfing record of more games won than lost.

Whizzing those balls down the Broad and Bay alleys, the bowling team eagerly sought the Interscholastic League of North Jersey title. First place award went to our keglers.

June 1958

To the Class of 1958:

Here it is, your yearbook, the tangible results of more than seven months of creative thinking, planning, drawing, writing,--and hard work! To those who have aided in the production of MEMORIES '58, my congratulations for a task well planned and successfully completed! To Mrs. Gertrude B. C. Koch, Mr. Clinton Eller, and Mr. William Willever, our advisers, I extend my sincere thanks for their untiring enthusiasm and welcomed advice.

Although our paths will part, MEMORIES '58 will always bring to mind the pleasant days spent at B. H. S. To the one hundred and fourth graduating class of Bloomfield Senior High School, I proudly present your yearbook...MEMORIES '58.

Most sincerely,
